COLLEGEVILLE, PA

Inspector's Narrative Report

Date: March 14, 2016

Submitted By: Blair Hower, Agronomic Products Inspector

Subject: Pesticide Establishment Inspection

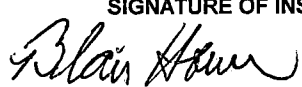

Location: CRC Industries, Inc.
885 Louis Drive
Warminster, PA 18974
EPA Est. # 55809-PA-1

On March 3, 2016 this inspector along with Field Tech Daniel Duer conducted a Producer Inspection at CRC Industries, Inc... This establishment is located at 885 Louis Drive, Warminster PA 18974. This inspection was done as part of the annual requirement for EPA routine inspections. We were greeted by Bill Anders, Regulatory Assistant and Michelle Rudnick Sr. Manager Regulatory Affairs. I issued an EPA Notice of Inspection and showed my EPA credentials, and Mr. Duer showed his State identification to Michelle Rudnick. Ms. Rudnick told us that they produced four products we asked to review two of them. Ms. Rudnick explained that as an added value to the customer CRC has printed a Safety Data Label on the reverse side of the product label. A label from CRC BEEBLAST with Residual WASP & HORNET KILLER was provided for review and is attached (See Exhibit A). A label for CRC Wasp & Hornet Killer PLUS to show the Safety Data Label was provided (See Exhibit B). A sample of CRC Wasp & Hornet Killer PLUS (1607BJH04) was obtained from a sealed case that was ready for distribution. Ms. Rudnick provided information on the facility see attached PDA/BPI Establishment Report. We thanked Ms. Rudnick for her time and left the property.

REASON FOR INSPECTION

FOR THE PURPOSE OF INSPECTING AND OBTAINING SAMPLES OF ANY PESTICIDES OR DEVICES PACKAGED, LABELED, AND RELEASED FOR SHIPMENT, AND SAMPLES OF ANY CONTAINERS OR LABELING FOR SUCH PESTICIDES OR DEVICES, IN PLACES WHERE THE PESTICIDES OR DEVICES ARE HELD FOR DISTRIBUTION OR SALE (Sec. 9(a) and 12(a)(2)(B)); AND FOR THE PURPOSE OF INSPECTING AND OBTAINING COPIES OF THOSE RECORDS SPECIFIED IN SECTION 8 AND 40 CFR PART 169. (Sec. 8 and 12(a)(2)(B)).

VIOLATION SUSPECTED: "None, Establishment Inspection"

MMR
3/2/12

Section 8, 9(a) and 12(a)(2)(B) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended (7 U.S.C. 136 et seq.) are quoted on the reverse of this form.

Sec. 8. [136f] Books and Records.

(b) Inspection.

For the purposes of enforcing the provisions of this Act, any producer, distributor, carrier, dealer, or any other person who sells or offers for sale, delivers or offers for delivery any pesticide or device subject to this Act, shall, upon request of any officer or employee of the Environmental Protection Agency or of any State or political subdivision, duly designated by the Administrator, furnish or permit such person at all reasonable times to have access to, and to copy:

- (1) all records showing the delivery, movement, or holding of such pesticide or device, including the quantity, the date of shipment and receipt, and the name of the consignor and consignee; or
- (2) in the event of the inability of any person to produce records containing such information, all other records and information relating to such delivery, movement, or holding of the pesticide or device. Any inspection with respect to any records and information referred to in this subsection shall not extend to financial data, sales data other than shipment data, pricing data, personnel data, and research data (other than data relating to registered pesticides or to a pesticide for which an application for registration has been filed). Before undertaking an inspection under this subsection, the officer or employee must present to the owner, operator, or agent in charge of the establishment or other place where pesticides or devices are held for distribution or sale, appropriate credentials and a written statement as to the reason for the inspection, including a statement as to whether a violation of the law is suspected. If no violation is suspected, an alternate and sufficient reason shall be given in writing. Each such inspection shall be commenced and completed with reasonable promptness.

Sec. 9. [136g] Inspection of Establishments, Etc.

(a) In General.

(1) For purposes of enforcing the provisions of this Act, officers or employees of the Environmental Protection Agency or of any State duly designated by the Administrator are authorized to enter at reasonable times

(A) any establishment or other place where pesticides or devices are held for distribution or sale for the purpose of inspecting and obtaining samples of any pesticides or devices, packaged, labeled, and released for shipment, and samples of any containers or labeling for such pesticides or devices; or

(B) any place where there is being held any pesticide the registration of which has been suspended or canceled for the purpose of determining compliance with section 19.

(2) Before undertaking such inspection, the officers or employees must present to the owner, operator, or agent in charge of the establishment or other place where pesticides or devices are held for distribution or sale, appropriate credentials and a written statement as to the reason for the inspection, including a statement as to whether a violation of the law is suspected. If no violation is suspected, an alternate and sufficient reason shall be given in writing. Each such inspection shall be commenced and completed with reasonable promptness. If the officer or employee obtains any samples, prior to leaving the premises, the officer or employee shall give to the owner, operator, or agent in charge a receipt describing the samples obtained and, if requested, a portion of each such sample equal in volume or weight to the portion retained. If an analysis is made of such samples, a copy of the results of such analysis shall be furnished promptly to the owner, operator, or agent in charge.

Sec. 12. [136j] Unlawful Acts.

(a) In General.

(2) It shall be unlawful for any person --

(A) to detach, alter, deface, or destroy, in whole or in part, any labeling required under this Act

(B) to refuse to --

- (i) prepare, maintain, or submit any records required by or under section 5, 7, 8, 11, or 19;
- (ii) submit any reports required by or under section 5, 6, 7, 8, 11, or 19; or
- (iii) allow any entry, inspection, copying of records, or sampling authorized by this Act.

SEC. 9. INSPECTION OF ESTABLISHMENTS, ETC.

(a) In General. - For purposes of enforcing the provisions of this Act, officers or employees duly designated by the Administrator are authorized to enter at reasonable times, any establishment or other place where pesticides or devices are held for distribution or sale for the purpose of inspecting and obtaining samples of any pesticides or devices, packaged, labeled, and released for shipment, and samples of any containers or labeling for such pesticides or devices.

Before undertaking such inspection, the officers or employees must present to the owner, operator, or agent in charge of the establishment or other place where pesticides or devices are held for distribution or sale, appropriate credentials and a written statement as to the reason for the inspection, including a statement as to whether a violation of the law is suspected. If no violation is suspected, an alternate and sufficient reason shall be given in writing. Each such inspection shall be commenced and completed with reasonable promptness. If the officer or employee obtains any samples, prior to leaving the premises, he shall give to the owner, operator, or agent in charge a receipt describing the samples obtained and, if requested, a portion of each such sample equal in volume or weight to the portion retained. If an analysis is made of such samples, a copy of the results of such analysis shall be furnished promptly to the owner, operator, or agent in charge.

CRC Wasp & Hornet Killer PLUS™

FIRST AID

If swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes.

If in eyes: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Hotline Number: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222, twenty-four (24) hours per day, seven (7) days per week.

Note to Physician: Contains petroleum distillate - vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Contains petroleum distillates. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin and or clothing. Do not breathe vapors or spray mist. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to inter-tidal areas below the mean highwater mark. Drift and run-off may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when cleaning equipment or disposing of equipment washwater or rinsate. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS: Combustible. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

DIRECTIONS FOR USE

Read entire label before using this product. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Apply this product only as specified on this label.
- This product is intended for outdoor use only.
- Do not apply this product directly to pets (companion animals).
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Only protected handlers may be in the treated area during application.
- Do not apply when food is present. Cover or thoroughly wash before use all food surfaces and utensils.
- Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not apply when windy.
- Do not make applications during rain.
- Do not water the treated area to the point of runoff.
- Applications outdoors are limited to spot treatments or crack and crevice treatments, except for: (1) Treatment to soil or vegetation around structures; and (2) Applications to building foundations, up to a maximum height of 3 feet.
- Remove pets, birds and cover fish aquariums before application.

WASPS AND HORNETS: Hold container in upright position to spray. Stand safe distance (6-12 feet) from nest and not directly underneath. Align actuation opening at nest with wind at your back. Spray until nest is thoroughly wet. Hit wasps and hornets on nest when possible. Best time to spray is early morning or in evening since wasps and hornets congregate on or in nest at night. Avoid spraying plant foliage as injury may occur. For outdoor use only. Not a space spray. To prevent dying insects from falling on skin and clothing, do not stand directly under nest being sprayed.

BLACK WIDOW SPIDERS: Spray directly on spiders and web.

SCORPIONS: Spray directly on insects.

FIRE ANTS: Spray directly on ants and mounds.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: STORE IN A COOL DRY AREA, away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Do not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. If empty: This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label directions. If recycling is not available, place in trash. If partly filled: Call your local solid waste agency for disposal instructions.

CRC Bee Blast® with Residual Wasp & Hornet Killer

Kills Wasps, Hornets, Yellow Jackets, & Bees

- Electrically non-conducting; dielectric breakdown voltage of 47,300 volts
- Kills with residual action as wasps & hornets return to nest

FIRST AID

If swallowed: Immediately call a poison center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **In case of Medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-877-315-9819.**

NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS - CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

USER SAFETY RECOMMENDATIONS: Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash waters. See directions for use for additional precautions and requirements. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

Read entire label before using this product. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is intended for outdoor use only. Do not allow adults, children, or pets to enter the area until sprays have dried. Remove pets, birds, and cover fish aquariums before spraying. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Do not make application during rain. Do not water the treated area to the point of runoff. Avoid spraying vegetation directly. Do not apply when food is present. Remove or cover exposed food and drinking water before application. All outdoor applications must be limited to spot or crack and crevice treatments only, except for the following permitted uses: Treatment to soil around structures; Applications to building foundations, up to a maximum height of 3 feet. Other than applications to building foundations, all outdoor applications to impervious surfaces (such as sidewalks, driveways, patios, porches and structure surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications only.

For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. May cause staining (darkening) of asphalt surfaces and shingles. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps, hornets, yellow jackets and bees under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 1 - 2 seconds or until surfaces are moist.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
Pesticide Storage: Do not store near heat or open flame. Store in cool dry area away from children.
Pesticide Disposal and Container Handling: Do Not Puncture or Incinerate!
If empty: Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

John Butler, Project Officer
EPA Region III (3WC32)
Pesticides & Asbestos Enforcement Section
1650 Arch Street
Philadelphia, PA 19103

Dear Mr. Butler:

On March 3, 2016, Pennsylvania Department of Agriculture (PDA) Inspector Blair Hower and Plant Industry Technician Daniel Duer conducted a Producer Establishment Inspection at CRC Industries Inc., 885 Louis Drive, Warminster, PA 18974 and obtained a physical sample of CRC Wasp and Hornet Killer Plus EPA Registration Number 55809-3 as part of the Producer Establishment Inspection.

PDA Inspector Hower submitted physical sample 16-7-BJH-04 to the PDA Bureau of Food Safety Laboratory Services for efficacy analysis.

PDA Bureau of Food Safety Laboratory Services completed their efficacy analysis of samples 16-7-BJH-04 CRC Wasp and Hornet Killer Plus EPA Registration Number 55809-3. A copy of the Report of Analysis is included for your review.

Should you have any questions, please contact me at 717-772-5212 or lbrylewski@pa.gov.

Sincerely,

Leonard J. Brylewski
